

## **Beulah Land Natural Medicine Clinic Ends July 2005**

In August 1994, Marion and Ross Hauser, along with a handful of volunteers held the first Beulah Land Natural Medicine Clinic in Thebes, Illinois. Soon afterwards our core group of doctors grew with the addition of Dr. Rodney Van Pelt, Dr. Mark Wheaton, Dr. Bill Hambach, and Dr. Kurt Ehling. Our steady volunteer crew developed from a number of families – the Phillips, the Huffmans, the Blakemores, and the Fishers, as well as the staff at Caring Medical in Oak Park, IL and regular volunteers from the Thebes area. We wish to thank the many volunteers from around the country who have helped keep this clinic running over the last 11 years, especially the Thebes and the Chicagoland area volunteers. We have experienced 11 wonderful years of friendship, caring, and Christian love and ministry together.

Beulah Land Ministries will no longer be holding regular quarterly clinics in Thebes due to the need to take BLM in a different direction. At this point, the board is examining different options, but has not yet determined the exact plan.

One of the options is to begin training doctors in the United States, as well as in other countries to do Prolotherapy. This will help heal many more people with chronic pain and injury, by extending the scope of practitioners around the globe.

We hope that you will thank God for the wonderful years of service provided at BLNMC and pray for God's hand in leading us in the direction that we should take the ministry. Please continue to pray for Thebes and the surrounding community and for the continued healing of the patients from BLNMC.

**Where can you get Prolotherapy after BLNMC closes?** We recommend you check [www.getprolo.com](http://www.getprolo.com). Please go to that site and seek a Prolotherapist in your community.

With warm regards,

The Entire Beulah Land Ministries Team
